Suicide is preventable.

Suicide prevention starts with you.

**Take Action**

Anyone can prevent suicide when they take action to help someone at risk.

<table>
<thead>
<tr>
<th>Ask</th>
<th>Ask, openly and compassionately, “Are you thinking about suicide?” Asking the question opens up the conversation, shows you care, and lets them know you are willing to talk.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Listen</td>
<td>Listen instead of giving advice or trying to fix things. Giving the person a chance to talk helps relieve stress, shows them someone cares to listen, and helps them feel less alone.</td>
</tr>
<tr>
<td>Stay</td>
<td>If someone is thinking of suicide, stay with them. Help keep them safe until they can get appropriate care. If you cannot stay, help them arrange to have someone else stay.</td>
</tr>
<tr>
<td>Help</td>
<td>Work together to find the right kind of help. If there is immediate danger, call 911. In an emotional crisis you can call the Georgia Crisis and Access Line any time at 800.715.4225.</td>
</tr>
</tbody>
</table>
