Suicide Prevention Month September 2021

Week Four

Each week of Suicide Prevention Month the Suicide Prevention Program at the Georgia Department of Behavioral Health and Developmental Disabilities (DBHDD) is pleased to highlight a special event, new release, or program update.

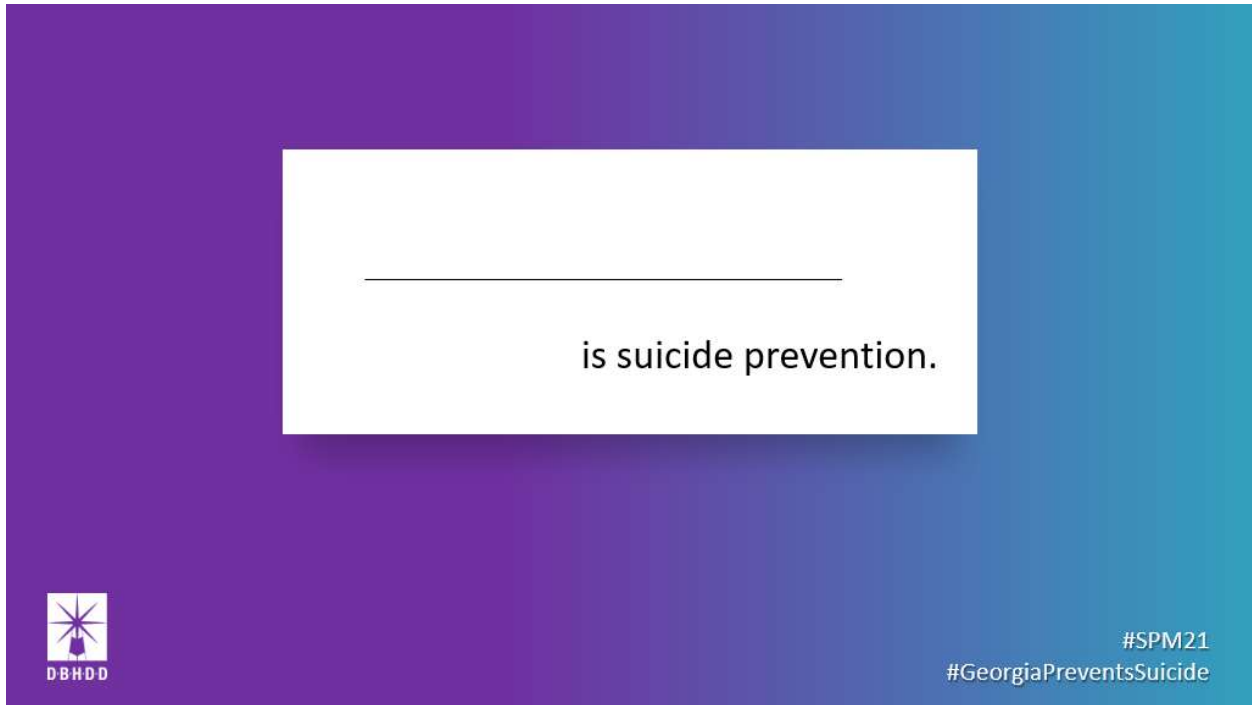

This week we are excited to release our **2020 Annual Suicide Prevention Program Report**, providing an inside look at many of our team’s projects and activities during what was a very unusual year. The report can be found attached to this email as a PDF.
